

August 19, 2024 City Council Inquiry Responses

Councillor	Inquiry #	Inquiry	Dep't Sent to	Date Responded	Response
Councillor Ogrodnick	INQ#24-24	<ol style="list-style-type: none"> 1. Why is only half of Sibbald Drive being repaved this year? 2. How was the decision made to only complete the Southern half of the Drive over the Northern half of the Drive? 	Public Works	September 6, 2024	<p>The Acting Director of Public Works:</p> <p>The selection of a paving project takes into account the condition of water, sewer, sidewalk repairs and roadway repaving. The south half was prioritized due to its aging cast iron water mains. However, due to scheduling constraints, this project, which includes both water main replacement and roadway repaving, has been postponed until 2025. At that time, both the south and north sides will be completed.</p>
