

Aug 4, 2024

Dear Community Residents,

Since 2017 years, Clear Health Solutions has worked with 728 families throughout the Province of Saskatchewan. We have offices, Resource Centre, and 5 Alternative Family Homes in both Saskatoon and Regina, and our first Residential Medical respite home in, Warman.

We are now seeking to expand our our Alternative Residential Homes into Prince Albert in partnership with the Ministry of Socail Services- Child & Family Program into the City of Prince Albert, Saskatchewan.

This Residential Developmental home located at 696 6th Street East, Prince Albert, we will provide 24/7 support to children with diverse abilities such as children with Austim from ages 0-18yrs. Clear Health Solutions will operate a 5 beds home with children residing in the home to be supported by our Behaviour Support Workers. These children are not a risk within the community.

Clear Health Solutions is committed to providing the right placement and appropriate supports to meet the childs unique needs and achieving positive outcomes. Our Program address barriers to service delivery, improve access to care, improve outcomes and data and provides specialized services that are accurately client centred.

We work with our clients and their support networks to create and identify **innovative, flexible, culturally relevant** and supportive environment that fosters independence and ensuring dignity.

Clear Health's goal is to support families and work to transition children back to family in their communities. However, occassioanly a child need to reside in an Alternate Family Home for a time, and our team at Clear Health is looking to provide that home to children. With a dedicated team of strong Behaviour Consultants, Program Advisors and Behaviour Support worker, to build each child a behaviour support plan and goals to increase life skills, education and positive outcomes.

About Clear Health:

Clear Health Solutions Ltd, is a **Saskatchewan** owned and operated Community Based Organization. We are invested in the people of Saskatchewan and focuses on delivering high quality family-centred programs to meet the unique needs of each child and their families. We work with individuals with diverse abilities specializing with high to complex behavioural needs and medical and/or mental health.

Our program has expanded and evolved over the last several years as our level of expertise continues to increase. Our differentiation rests on the principles of integrated care services which provides continuity for each individual and their family through a seamless range of services.

We work with children and youth ages 0-18 years with diverse abilities. We offer the following Programs, Supports and Services within our offices:

Assessments:

- Behavioural Assessments
- Youth Mentorship Assessments
- Youth Supportive Living Homes
- Clinical Youth Engagement
- Youth ADL Assessments

Counselling:

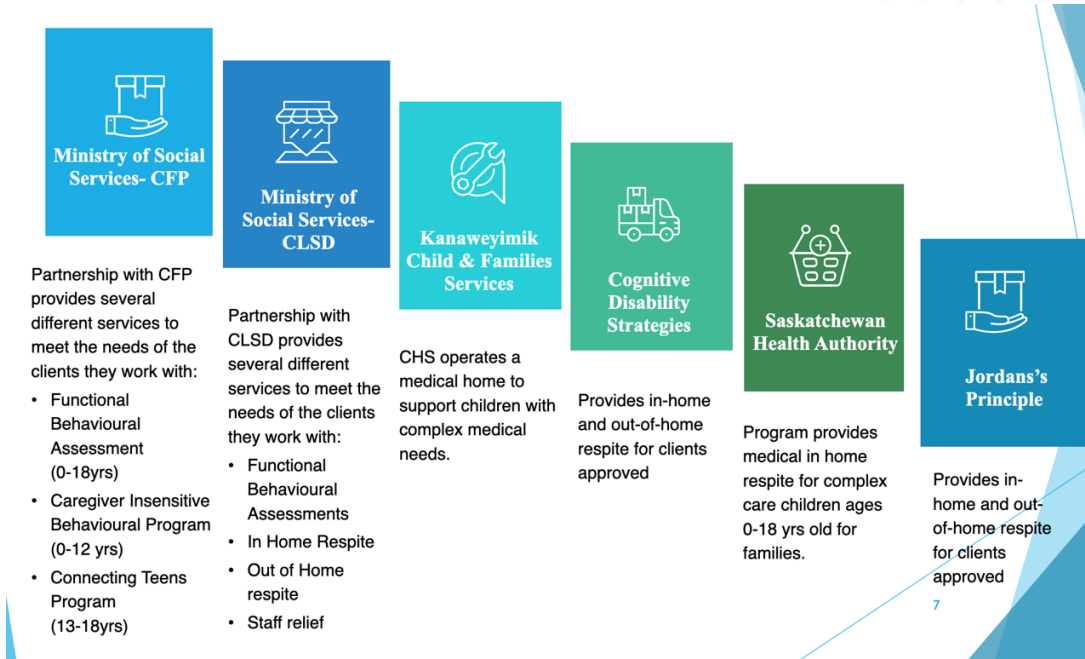

- Registered Psychologist
- Behaviour therapy, Therapeutic Recreational Therapy
- Mental health counselling
- CBT

Respite:

- Medical and/or Behavioural

With Clear Health expanding into Prince Albert, we look forward to providing these additional outpatient resources in the Community at our office.
